

New Pursuits and Recruits Enrolment!!!

Families can now register for Pursuits and Recruits Programs online! New applicants will be contacted for an intake meeting, and those individuals who have been through programming before (i.e., on the Returning Participant List) can apply for any program that has previously been recommended for them. This means families **WILL NO LONGER BE CONTACTED** for programs; individuals will need to demonstrate their interest by completing the application form and submitting it. We are now accepting applicants for programs in Winter and Spring, with the Winter deadline being **Friday, December 11**. Space in each program will be limited and filled based on when applications are received. Costs do apply; see the Program Descriptions for details.
